PROFILE AND PERSONAL QUALITIES

I'm looking for challenges in the development field. Motivated by continuous improvement and personal and professional growth. I excel at learning quickly and adapting to new technologies and methodologies. Committed to punctuality, effective communication and creativity, capable of making a significant contribution in dynamic and collaborative environments.

PROFESSIONAL EXPERIENCE

IT SUPPORT TRAINEE - SCHOTT PHARMA BRASIL (SEPTEMBER 2023 - NOVEMBER 2024)

- I took part in the Full Stack development of projects and applications in Vue.js, TypeScript, JavaScript, Node.js, contributing to the automation of processes and the improvement of internal systems.
- Provide general support to internal users, ensuring the rapid resolution of technical problems and computer maintenance.
- I helped with software management and technical calls via ServiceNow.
- I worked with SQL databases and used Jira Software and Azure DevOps as an agile methodology and Confluence as a documentation tool, ensuring the organization and efficient monitoring of projects.

IT TRAINEE - SESI (APRIL 2023 - SEPTEMBER 2023)

- I worked as a monitor in the Computer Science and Robotics laboratories, offering technical support to students and teachers.
- Realizei manutenção e montagem de máquinas e equipamentos, além da instalação de softwares e configuração de redes.
- I carried out maintenance and assembly of machines and equipment, as well as installing software and configuring networks.
- Responsible for opening and managing technical calls using SESI's internal system.
